

Leonardo Pilot project  
EURENERGY

DISSEMINATION ACTIVITIES

**Partner:** Mechanics and technology college of Olaine

**1. Date:** 06/2006 **Place** Olaine (Mechanics and technology college of Olaine)

**Context:** International conference

**Types of activities:** International conference for teachers and students of Mechanics and technology college of Olaine and lecturers of all Latvian colleges

**Target:** Diffusion of Leonardo da Vinci project

**Disseminated Products:** Information about the Leonardo Da Vinci Pilot project ‘EURENERGY’ and results of this project. Introducing The Heat pump, [www.omtk.lv](http://www.omtk.lv)

**2. Date:** 01-02/2007 **Place** Bremen, Germany, [www.windzentrum.de](http://www.windzentrum.de)

**Context:** Getting acquainted with electro energy acquisition with wind generators.

**Types of activities:** Research

**Target:** Material about the alternative energy – wind energy for Leonardo Da Vinci Pilot project ‘EURENERGY’

**Disseminated Products:** CD

**3. Date:** 04/2007 **Place** Olaine (Mechanics and technology college of Olaine)

**Context:** Seminar- Comenius project "LATBRET Alternative energy"

**Types of activities:** Seminar for students of France and Latvia

**Target:** Diffusion of Leonardo da Vinci project

**Disseminated Products:** Information about the Leonardo Da Vinci Pilot project "EURENERGY" and results of this project, [www.omtk.lv](http://www.omtk.lv)

**4. Date:** 04/2007 **Place** Olaine (Mechanic and technology college of Olaine)

**Context:** Seminar- Leonardo Da Vinci Pilot project "EURENERGY"

**Types of activities:** Seminar for deputy directors of Vocational schools of Latvia

**Target:** Diffusion of Leonardo da Vinci project

**Disseminated Products:** Information about the Leonardo Da Vinci Pilot project "EURENERGY" and results of this project, [www.omtk.lv](http://www.omtk.lv)

**5. Date:** 06/2007 **Place** Olaine

**Context:** Article in the local press

**Types of activities:** Information about Leonardo da Vinci project

**Target:**

To create a data basis for Leonardo Da Vinci Pilot project

"EURENERGY"

**Disseminated Products:** Newspaper "Olaines avize"

## DISSEMINATION ACTIVITIES

**Partner:** Mechanics and technology college of Olaine

**1. Date :**28/06/2006 **Place** Olaine

**Context :** International conference in Mechanics and technology college of Olaine

In the conference the issues concerning the kinds of alternative energy were observed: wind energy and heat pump. Realisation of alternative energy project in the college of Olaine. The guests from Germany were participating in this conference, respectively: Dr. Witte from German Environment Foundation and Regina Simolate from bfw Bremen Education Centre.

After the conference the heat pump in the sports hall of college was opened and given into exploitation.

**Types of activities :** Research and information

**Target:** Getting to know the kinds of alternative energy

**Disseminated Products:** Results of research and the heat pump

**2. Date :** 06/2006 **Place** Olaine

**Context :** Information about the pilot project and the information about heating in the sports hall

**Types of activities :** Article in the newspaper "Olaines avize " and [www.omtk.lv](http://www.omtk.lv)

**Target:** Information

**Disseminated Products:** Article in newspaper "Olaines avize " and [www.omtk.lv](http://www.omtk.lv)
